

Name	Which is your pet?	Did you adopt or bought your pet?	What are the things that you looked into before buying your pet	How was your adopting experience	Is there something you would like to change about the experience	What do you think are the reasons why people are not interested in adopting	What are the things needed for your pet
Nikita	Beagle, Pug	Bought	Breed, colour, health, indian climate dog			peoples mentality, people think that adult dogs cant be trained	vitamis, syrups, food
Anagha	Rottweiler, German shepered, golden retriever	Bought, adopted	Breed, colour, hair shedding, certificate, smell	Adopted from one of my friend. It was a simple process. after adoption i took him to a vet and checked his health status, body built, facial features etc.	it was hard finding the breed that i needed and no previous health records found	Adoption is not breed specific, health problems, character problems, mix breed	Belt, walkign stariner, microchip, dog pamper
Sreekala	Beagle	Bought	Breed, nearest hospital, maintenance			People search for a purticular breed. Sometimes they wont get the right breed they want. so they will end up buyinh rather than adopting	soap, shampoo powder, shedding comb
Rohit	Beagle	Bought	Breed, age, guard dog				Dog food, regular checkups
